To celebrate the launch of the first show apartment at our latest development, Chiswick Green, we teamed up with a curated selection of local artisans and businesses to showcase the very best of Chiswick.

Bringing together the diverse range of products and produce that make this corner of west London truly exceptional, you'll find an enticing display of local offerings that embody the area's distinctive lifestyle.

Throughout the two-bedroom show apartment, the interiors serve as a canvas for exceptional products from the following esteemed local establishments.

Also displayed on the kitchen counter is a make-at-home lentil soup kit from, The Source Bulk Food, a local retailer embracing sustainable shopping and lifestyle choices.

Adorning the dining table is an exquisite vase and candle - perfectly complementing the apartment's interior design - from nearby Grieger. Serving up stunning accessories and unique gift ideas, the charming lifestyle boutique offers locals stunning accessories and unique gift ideas for home and garden.

Offering a feast for the senses, a watercolour painting of the renowned local bistro restaurant, Silver Birch, sits pride of place in the principal bedroom. Created
